**BUILT FOR BOLDER, BRIGHTER LEADERS.**

Rigor. Relevance. Results.

# BUILDING A BETTER WAY TO A BRILLIANT CAREER

As the only Real Estate and the Built Environment (REBE) program from a renowned and accredited business college, our degrees are designed to make sharp minds even sharper. In the fast-moving, high-risk, high-reward world of real estate and the built environment, you have to stay ahead of the curve. This degree from Daniels maximizes your potential by making sure that you are market-ready. You'll stand out, stand up for what's right and start leading with character, conviction and confidence.

## PROGRAM HIGHLIGHTS

**Customize your path.** You have the opportunity to select courses a-la-carte to help fill any gaps in your knowledge base. Align your class selections with your specific and unique career goals.

**Get 360° vision.** Our holistic approach gives you complete understanding of the project life cycle, including real estate, construction management, project delivery and facilities management.

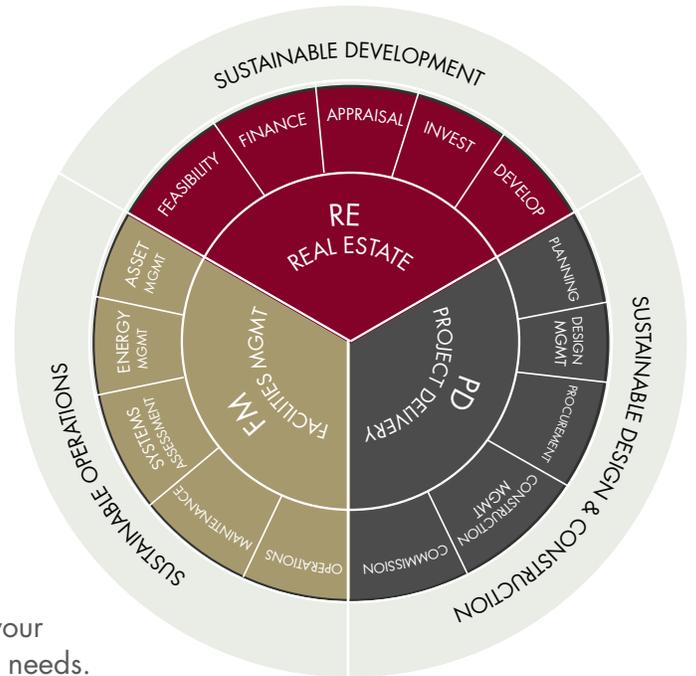

**Learn online or on campus.**

Choose the program that fits your life, experience and career needs.

**Market connectivity.** With weekly

employer information sessions and educators who are practitioners and leaders in the industry, you will emerge with the network to help you build a solid foundation for your career.

**Challenge-driven education.** You will learn to think beyond the classroom with real-world, experiential learning opportunities. At Daniels, your lab is the city of Denver itself.

“The real estate program at Daniels provided me with a wealth of opportunities to be successful in my future career. I met more industry professionals through my classes than I have in my internship and job. If I didn't get my

master's degree at Daniels, I would not have the career or the salary that I have today.”

— Kiki Boone, Master's in Real Estate & the Built Environment, 2016  
Senior Research Analyst, JLL

“I chose Daniels because it was the only place where I could get my master's degree online in my specialty area of real estate after 25 years in the industry. Daniels has a reputation for excellence and the skills I learned gave me the confidence to start my own development company.”

— Walt Clements, Executive Master's in Real Estate & the Built Environment, 2003  
CEO / EVP of CCIM Institute

“I pursued my master's degree at Daniels due to the strong reputation of the Burns School and the program's focus on integrated project delivery. It combines finance, construction management, and real estate development, which are the

necessary tools one needs to become an integrated project leader.”

— Crista Cohen, Master's in Real Estate & the Built Environment, 2015  
Project Manager/Estimator, GH Phipps Construction Companies
